FOR IMMEDIATE RELEASE: September 20, 2012

Aster Paulen of Robert Speed Productions, brings own material, talent and love of the Beatles to global agency

London, UK –**Aster Paulen** is a special Indie / Alternative band with a unique story.

As their name suggests (**The Star of Paul and Lennon: Aster = Star** (in Greek); **Paulen = Paul + Lennon**) **Aster Paulen** is heavily influenced by the purest British sound ever: The Beatles.

The group originally started playing in Mexico as a Beatles Tribute band in 2001. A hard working group, **Aster Paulen** found themselves creating a buzz by performing great covers of the Beatles. They also found that because they could sing songs in both English and Spanish that their multicultural audience began to grow.

(continued)

ASTER PAULEN CONTINUED

Later, the group began to write their own material and noticed their sound echoed The Beatles as well as other musical influences like, **Led Zeppelin**, **Kasabian** and the **Arctic Monkeys**.

Aster Paulen hit the road again but this time they played their own originals. The group performed at national fairs around the country as well as indie music festivals in Monterrey, Mexico City, and Guadalajara. Their audiences ranged from 2,000 – 3,000 people and when all was said and done the band had played 500 shows.

Yet, with all of this, the band still had a burning desire to go and be where the life blood of The Beatles was born, the UK. Bags were packed and the move made.

At present, Aster Paulen resides in the UK and continues to play weekly performances making new fans and building audiences.

Albums released: London Siete EP (2009), On the Road LP (2011)
